## Roster of Idaho

### Pro-Logger Accredited Companies

### and Individuals As of Feb. 27, 2026

(Updated Feb. 27, 2026)

This list is continually updated as loggers register, complete initial courses, and report continuing credits. With this in mind, it is important to recognize that this list is a “snapshot” in time. For the latest updated information on an individual or company, please contact the ALC office.

Please note that the list is now sorted by members/ associate members and non-members. Then alphabetically by company with the accredited employees listed underneath the company. IF YOU HAVE CHANGED COMPANIES, please contact our office.

Name not on the list? Please refer to the Idaho Pro-Logger Program Guidelines. If you need further assistance, please call Julie at the ALC office: 208-667-6473, or toll-free at 1-800-632-8473. You can also reach her via email at [julie@idahologgers.com](mailto:julie@idahologgers.com)

Initial accreditation in the Idaho Pro-Logger Program is established when the core components are completed and an application into the program has been made. Once accredited, the participant in the Idaho Pro-Logger Program must complete 12 continuing credits, 4 of which have to be the OSHA required Logging First Aid & Safety class, each calendar year to retain accreditation status. While most courses for continuing credits are available and completed in the spring of the year, there are classes available year-round and accreditation status can change.

### About The Idaho Pro-Logger Program

In 1998 the Idaho Pro-Logger Program was initiated in order to meet the educational needs of Idaho logging contractors, loggers, forest owners and forest products companies. Secondly the program seeks to meet the requirements of the Sustainable Forestry Initiative (SFI) and similar forest land certification programs. An advisory committee consisting of logging contractors, forest owners, representatives of forest products companies, foresters, the University of Idaho Extension Forestry Department, the Idaho Department of Lands, advisors from the Idaho Logging Safety Program, and the Associated Logging Contractors meets regularly to monitor and guide the program. The Idaho Pro-Logger Program is owned and operated by the Associated Logging Contractors of Idaho (ALC).
